2. No support vehicles or ATV’s allowed on the infield area.
3. Drivers must be a minimum of 18 years old.
4. Drivers must wear a shirt, long pants, shoes and a helmet during pull.
5. Trucks must be in safe mechanical condition.
6. Drivers must supply a clevis/eye hook. No pulling of a ball hitch.
7. All classes: Maximum 26” hitch height.
8. Total weight of the pulling includes the driver
9. Trucks must be operated in a safe manner on and off the track.
10. Trucks must have working brakes.
11. First puller is the Test Puller. He/she may opt to re-pull third.
If one re-pulls they waive their original distance. The re-pulling decision must be made before the truck leaves the track or before next puller.
12. A puller can re-hook one time if they shutdown before the 75’ distance.
13. All pulls will begin with a tight chain, no jerking the sled.
14. All additional weight must be securely fastened. No tarp straps allowed.
15. The loss of any weight or object while hooked to the sled results in disqualification.
16. All entries are stopped once the first truck of that class hooks to the sled.
17. Any contestant may opt to advance to a higher weight class.
18. Only one driver per truck class.
19. Entrants will abide by all rules. Track judge will settle any discrepancies in the rules and their decisions are final.
20. Purse payout dependant upon the number of entries.
21. Changes in the rules presented the day of the event will take precedent over printed rules.
